

# HPCA-11 Call for Workshop and Tutorial Proposals

## 11<sup>th</sup> International Symposium on High-Performance Computer Architecture

Palace Hotel, San Francisco, February 12-16, 2005

<http://www.hpcaconf.org/hpca11>

---

**Workshop and Tutorial Proposal Deadline: August 13, 2004**

**send proposals to Jared Stark ([jared.w.stark@intel.com](mailto:jared.w.stark@intel.com))**

---

We appreciate proposals for workshops and tutorials related to computer architecture. See previous HPCA conferences (<http://www.hpcaconf.org>) for example workshops and tutorials. Please submit your proposal of no more than a couple pages to Jared Stark ([jared.w.stark@intel.com](mailto:jared.w.stark@intel.com)) on or before August 13, 2004.

For workshops, please include in your proposal:

- title of the workshop
- organizers and their affiliations
- sample call for papers, including the workshop's main topics
- expected duration of the workshop; i.e., 1/2 day, full day, or 2 days
- if the workshop was previously held, the number of published papers and attendees at the last workshop

For tutorials, include:

- title of the tutorial
- organizers, presenters, and their affiliations
- abstract of the tutorial
- a list of topics to be covered and some of their related bibliography
- expected duration of the tutorial; i.e., 1/2 day, full day, or 2 days
- if the tutorial was previously held, the location (i.e., which conference), date, and number of attendees at the last tutorial

Sponsored by the IEEE Computer Society TC on Computer Architecture
